

Signa Ovation Coil Data Sheet

Overview:

Service Manuals of Signa Ovation CTL Array Coil, Knee Small Coil, Open Body Coil, Shoulder Coil, Wrist Coil, Knee LG Coil, and Breast Coil are shipped with each Coil. However, data sheets are not completed in the manuals. So, use this data sheet.

Data Sheet:

CTL Array Coil

Configuration	Element	ROI position	M4 Spec.
CTL-C	composite	P 50, S/I 0	269
CTL-T	composite	P 50, S 100	89
	composite	P 50, S/I 0	104
	composite	P 50, I 100	118
CTL-L	composite	P 50, S 100	105
	composite	P 50, I20	114
	composite	P 50, I 100	102

If the result of SNR check of CTL array coil is out of specification, perform the SNR Check again. If the average value of results is within the specification, CTL Array Coil does not have any problem. If SNR check is performed 4 times and average value of each scan does not satisfy the specification the coil is considered as inferior coil.

KNEE(S)/FOOT			M4 Spec
Knee small	2		n/a
Knee small	4		n/a
Knee small	composite		205

no spec but need data at site
no spec but need data at site

Foot	4		n/a
Foot	5		n/a
Foot	6		n/a
Foot	none		-
Foot	composite		146

no spec but need data at site
